

RAIMI DIKAMONA LASSISSI

Software Engineer | Java & Cloud-focused Developer | AI Training Facilitator

raimi.dikamona@gmail.com | [LinkedIn](#) | [GitHub](#)

Johannesburg, Gauteng, South Africa | +27 69 152 7208

Software Engineer with experience in software development, technical mentorship, and AI training facilitation. Skilled in building scalable applications using Java, Python, JavaScript, Spring Boot, React, and SQL, with growing expertise in cloud computing and distributed systems. Experienced in guiding learners, reviewing technical projects, and simplifying complex concepts for both technical and non-technical audiences. Passionate about building reliable, user-focused systems and continuously expanding expertise in modern software architecture, cloud technologies, and platform engineering.

WORK EXPERIENCE

AI Training Facilitator

Mar 2025 - May 2025

WeThinkCode_ | Johannesburg, South Africa

- Facilitated AI training sessions for technical and non-technical professionals across industries.
- Guided learners in applying AI tools and prompt engineering techniques to improve productivity and problem-solving workflows.
- Contributed to curriculum refinement by aligning training content with emerging AI trends and practical industry applications.
- Simplified complex AI concepts into accessible, real-world learning experiences for diverse audiences.

Technical Mentor

Sep 2024 - Dec 2024

WeThinkCode_ | Johannesburg, South Africa

- Mentored first-year software engineering students through project planning, implementation, debugging, and problem-solving activities.
- Provided technical guidance and individualized feedback to support student progression and learning outcomes.
- Collaborated with academic and performance teams to monitor student development and improve mentoring effectiveness.
- Assisted learners in strengthening programming fundamentals, collaboration skills, and project delivery practices.

Bootcamp Mentor and Reviewer

Jun 2024 - Aug 2024

WeThinkCode_ | Johannesburg, South Africa

- Mentored bootcamp participants on technical projects, ensuring clear understanding of project requirements and objectives.
- Reviewed project deliverables, identified improvement areas, and provided actionable technical feedback.
- Supported learner progression by evaluating problem-solving approaches, code quality, and project execution.
- Assisted candidates in developing confidence in collaborative and technical environments.

VOLUNTEER EXPERIENCE

Graduation Ceremony Volunteer

Aug 2024

WeThinkCode_

- Assisted attendees during the institutional event and supported smooth event coordination.

Bootcamp Assistant

Jun 2024

WeThinkCode_

- Assisted with workstation setup and provided technical support during bootcamp operations.

CORE SKILLS

Programming Languages: Java, Python, JavaScript, TypeScript, SQL, HTML, CSS.

Frameworks & Technologies: Spring Boot, React.js, NestJS, NextJs.

Cloud & DevOps: AWS, Docker, Kubernetes, CI/CD.

Databases & Messaging: PostgreSQL, MySQL, Redis, RabbitMQ.

Tools & Platforms: Git, GitHub, Prisma ORM.

Software Engineering Practices: Object-oriented Programming (OOP), REST APIS Development, Microservices Architecture, Agile Development, SDLC, Testing.

EDUCATION

WeThinkCode_

Higher Certificate in Software Engineering (NQF Level 5)

Johannesburg, South African | Sep 2023 – Dec 2024

Damelin College

Diploma in Information Technology (NQF Level 6)

Johannesburg, South Africa | Mar 2022 – Dec 2024

Sainte Rita High School

National Senior Certificate

Oct 2019 – Jun 2020

LANGUAGES

English (Fluent), **French** (Fluent)
